

WHO WE ARE

The Tennessee Medical Group Management Association (TMGMA) began when nine medical group managers desired to share common experiences and gain additional knowledge of state and federal programs impacting their respective practices and formed the state organization on February 19, 1972 in Nashville, Tennessee. We have grown to include more than 400 members from all across our state.

Tennessee MGMA is the premiere association for professionals who lead medical practices in the state of Tennessee. Through data, people, insights, and advocacy, TMGMA empowers medical group practices to innovate and create meaningful change in healthcare.

WHY TENNESSEE MGMA?

You are in one of the fastest growing and most rewarding careers in health care. The role of a medical practice professional is demanding – and always evolving. It requires mastering a broad knowledge base and a deep skill set unique to the group practice environment. The healthcare industry continues to be one of the healthiest growth segments in our economy, and the growth in healthcare consumption is only projected to continue. In the midst of this growth, the industry is trying to identify how best to cope with rapidly changing rules, increasing costs and decreasing efficiencies. Healthcare systems and practice managers and executives are looking for a full range of solutions and Tennessee MGMA provides you with the opportunities you need in making your practice more successful.

MEMBERSHIP

Active Member - Active members are actively engaged in management or leadership of one of the following: Individuals who work in medical group practices formally organized for the purpose of health care delivery, or individuals that provide administrative or related support services to one or more medical group practices; i.e., management companies, consultants, billing, etc. Dues are \$150/year.

Affiliate Member - An Affiliate Member is an organization that provides products and/or services to the health care industry. Affiliate members are entitled to one non-voting affiliate membership. Dues are \$225/year.

Student Member - A Student member is an individual who is not currently in a health care management position, but who is enrolled in a degreed health care management program. A student who requests membership in the Association must not qualify for any other membership category. Dues are \$25/year.

Studies show that physician practices managed by a professional who is a member of an MGMA organization are 20% more successful than those with no affiliation.

We look forward to having you join the growing number of professionals who are members of Tennessee Medical Group Management Association.
